W.E.F Oct 27, 2023, late payment will be charged on Total Amount Due minus any payment received before payment due date

The following illustration will indicate the method of calculating Late Payment Charges:

Transaction	₹
Credit Limit	26,000.00

7. Interest- Free Period and Grace Period:

a) The interest free period could range from 18 to 48 days and grace period will be given 3 days after the payment due date.

For a credit cards account the statement for the period from April 15, 2025 to May 15, 2025 the payment due date would be June 2, 2025. Assuming that you have paid your Total Amount Due of the previous month statement by the payment due date, then interest free period would be:

1. For a purchase dated April 24, 2025, the interest free period is from April 24, 2025 to June 2, 2025, i.e. 40 days.
2. For a purchase dated May 14, 2025, the interest-free period is from May 14, 2025 to June 2, 2025, i.e. 20 days.

Thus, the interest free period can vary depending upon the date of purchase. Post the payment due date there will 3 days grace period given to customer and if the Total Amount Due is not paid by the payment due date + 3 days grace, then there will be no interest free period. For cash advances, interest is charged from the date of the transaction until the date of payment. If cardholder make the payment till Minimum Amount Due (MAD) by payment due date + 3 days grace period then there will not be any Late Payment Charges levied to customer however interest will be calculated from the transaction date.

b) **Withdrawal Limits:** The Credit Limit and Cash Withdrawal Limit are communicated at the time of delivery of the Card and are indicated in the monthly statements. Available credit limit is calculated by deducting the utilized limit from the Total Credit Limit. In case the Card Member has availed of any loan within the credit limit on the card, the outstanding loan amount will also be deducted from the Total Credit Limit to arrive at the Available Credit limit.

Cash limit will be a sub-set of the credit limit and will be 10% of the credit limit up to a maximum of ₹20,000 for the first 180 days from the date of issuance of the Credit Card unless it is specified otherwise. After the expiry of the first 180 days from the date of issuance of the Card, ICICI Bank will make the cash limit available to the Cardholder at its sole discretion and on such terms as may be communicated by ICICI Bank from time to time.

In cases where multiple credit cards are mapped to one customer, total spends can be done only up to the combined aggregate credit limit calculated over all the credit cards cumulatively. It is clarified that the aggregate credit limit has been defined as the maximum limit across all the credit cards held by the customer. Any transactions done in excess of the aggregate credit limit shall be declined (except in cases where explicit consent is obtained for over-limit facility and subject to eligibility).

The Card Member shall be entitled for a review / enhancement / reduction of the credit limit and/or cash limit if provided by ICICI Bank. ICICI Bank shall at its sole discretion be entitled to review / alter (including enhancement or reduction) the credit limit and/or the cash limit

assigned on the Card at any time and only enhancements, if any, to the credit limit and/or the cash limit, shall be effected by ICICI Bank along with consent of the Card Member.

c) **Billing: Billing Statements:** periodicity and mode of sending: All Card Member will be billed on a monthly basis for all charges incurred by the use of the Card and for all charges applicable to the card account. If a transaction done in the current billing cycle is settled by merchant in subsequent cycle, then the transaction will also be billed to customer account in subsequent statement cycle.

However, there may be no statement generated for the period in which there has been no outstanding due and no transaction in the account in the past month. The billing statement will be dispatched on a monthly basis to customers at the mailing address as per our records by post and/or by e-mail.

As per the Bank's guidelines, Credit Card e-Statement will be sent to the registered e-mail ID. Physical statement will not be sent to the Cardholder. The Cardholder can download and print the Statement for perusal, records and payment, through the iMobile app or Internet Banking. ICICI Bank does not take any responsibility and will also not be liable for any claims if the details provided by the Cardholder are incorrect/incomplete. The Bank will be exempt from any and all responsibility/ liability arising from misuse and shall be held free and harmless from all losses, costs, damages, expenses that may be suffered by the Cardholder due to any errors, delays or problems in transmission or unauthorised / illegal interception, alteration, manipulation of electronic data or otherwise caused by using e-mail as a means of transmission.

1) Minimum Amount Payable: Without prejudice to the liability of the Card Member to immediately pay all charges incurred, the Card Member may exercise the option to pay only the Minimum Amount Due (MAD) indicated in the statement by the due date. The Minimum Amount Due shall be 5% of the outstanding amount or such other amount as may be determined by ICICI Bank at its sole discretion. In case of any repayment through instalments, the instalment amount due during the statement period will be added to the Minimum Amount Due. If the total outstanding is more than the credit or cash limit, then the amount by which the credit or cash limit has been exceeded will also be included in the Minimum Amount Due. Any Fee charged in the statement over the credit limit will be considered twice in Minimum Amount

Due calculation. Fee s GST on customer's statement post 26th Oct 2023 will also be included in the Minimum Amount Due. Minimum Amount Due shall also include unpaid Minimum Amount Due of the previous statements, if any. Interest will be charged if the Total Amount Due is not paid by the payment due, date even if the Minimum Amount Due has been paid.

W.E.F 26th Oct 2023, Fees / Charges Taxes on customer's statement post 26th Oct 2023 will also be included in the Minimum Amount Due.

Illustration of Minimum Amount Due Calculation:

The following illustration will indicate the method of calculating Minimum Amount Due: In the table given below, it has been assumed that the Total Amount Due of the previous month statement has been paid by the payment due date and there is no outstanding amount. The statement date is 8th of every month. Given these assumptions, Minimum Amount Due will be calculated as below:

Minimum Amount Due*	5,260.00

* Rounded-up to next tenth digit provided total amount due is not equal to minimum amount due

With effect from Mar 01, 2026, the calculation of Minimum Amount Due (MAD) will be revised as explained below.

Scenario A:

If <5>% of (Finance Charge + Retail Spends + Cash Advance) is higher than the Finance Charge, then:

MAD = GST[^] + EMI Principal + EMI Interest + Fees & Charges (excluding GST) + Overlimit Amount + Unpaid MAD from the previous statement + <5>% of (Retail Spends + Cash Advance + Finance Charge).

[^]GST is levied on Finance Charge and Fees & Charges

The following illustration will indicate the method of calculating the Minimum Amount Due (MAD) in this scenario:

Particulars	Amount in ₹
Credit Limit	35,000.00

	Transaction Type	Amount in ₹	MAD %	MAD Amt in ₹
A	Retail Spends + Cash Advance	30,000.00	5%	1,500.00
B	Finance Charge (if any) excluding GST	1,000.00	5%	50.00
C	EMI Principal + EMI Interest	5,500.00	100%	5,500.00
D	Fees & Charges including GST (18%)	1,180.00	100%	1,180.00
E	Unpaid MAD from the previous statement*	150.00	100%	150.00
F	Overlimit Amount	2,830.00	100%	2,830.00
G	Total Amount Due (TAD) (A)+(B)+(C)+(D)+(E)	37,830.00		

H	MAD (5% of (A+B)) + (C)+(D)+(E)+(F)		11,210.00
---	-------------------------------------	--	-----------

*Unpaid Minimum Amount Due is as per the previous statement, which is overdue in current statement.

Finance Charge is levied in the case of ATM transactions, cash withdrawal through Credit Card and delayed/non-payment of dues, as applicable.

In the illustration above 5% of (Finance Charge + Retail Spends + Cash Advance) = ₹1,550 which is higher than the Finance Charge (excluding GST) = ₹1,000.

Hence, MAD = GST + EMI Principal + EMI Interest + Fees & Charges (excluding GST) + Overlimit Amount + Unpaid MAD from the previous statement + 5% of (Retail Spends + Cash Advance + Finance Charge) = 180 + 5,500 + 2,830 + 1,000 + 150 + 1,550 = ₹11,210

Scenario B:

If <5% of (Finance Charge + Retail Spends + Cash Advance) is less than the Finance Charge, then:

MAD = GST + EMI Principal + EMI Interest + Fees & Charges + Finance Charge + Overlimit Amount + Unpaid MAD from the previous statement + 5% of (Retail Spends + Cash Advance).

The following illustration will indicate the method of calculating the MAD in this scenario

Particulars	Amount in ₹
Credit Limit	1,15,000.00

	Transaction Type	Amount in ₹	MAD %	MAD Amt in ₹
A	Retail Spends + Cash Advance	1,00,000.00	5%	5,000.00
B	Finance Charge (if any)excluding GST	7,800.00	100%	7,800.00
C	EMI Principal + EMI Interest	5,500.00	100%	5,500.00
D	Fees & Charges including GST (18%)	2,360.00	100%	2,360.00
E	Unpaid MAD from the previous statement*	150.00	100%	150.00
F	Overlimit Amount	810.00	100%	810.00
G	Total Amount Due (TAD) (A)+(B)+(C)+(D)+(E)	1,15,810.00		
H	MAD (5% of (A)) + (B)+ (C)+(D)+ (E)+(F)			21,620.00

*Unpaid Minimum Amount Due is as per the previous statement, which is overdue in current statement.

Finance Charge is levied in the case of ATM transactions, cash withdrawal through Credit Card and delayed/non-payment of dues, as applicable.

In the illustration above 5% of (Finance Charge + Retail Spends + Cash Advance) = ₹5,390 which is less than the Finance Charge = ₹7,800. Hence, Finance Charge is considered at 100% in the MAD calculation.

$$\text{MAD} = (5\% \text{ of Retail Spends} + \text{Cash Advance}) + \text{Finance Charge} + \text{EMI Principal} + \text{EMI Interest} + \text{Fees and Charges} + \text{Unpaid MAD from previous statement} + \text{Overlimit Amount}$$
$$= (5\% \text{ of } 1,00,000) + 7,800 + 5,500 + 2,360 + 150 + 810 = ₹21,620$$

Minimum Amount Due rounded-up to nearest tenth digit, provided the Total Amount Due is not equal to the Minimum Amount Due.

If customer has registered for Auto Debit facility towards Credit Card repayment and has selected Minimum Amount Due option then the same will be executed on the due date provided no amount is paid by the customer before due date.

If customer has paid an amount less than Minimum Amount Due before due date then differential amount would be debited. If customer has paid an amount, which is equal to, or more than Minimum Amount Due before due date then no additional amount will be debited from customer's liability account.

If you spend ₹5,000 and pay back exactly the Minimum Amount Due (subject to a minimum payment of ₹100) every month, it will take you up to 6 years and 6 months to pay back the total amount. We therefore suggest that whenever your cash flows allow, pay back an amount substantially more than your Minimum Amount Due. Transactions converted to EMI / and promotional cashback will not be considered as a payment towards the outstanding of the card.

In case card member makes an excess payment compared to the outstanding of the card, there will be credit balance in the card account. This will be adjusted against the subsequent transactions on the card. However, no interest can be claimed on this excess credit amount.
