FLIPKART SBI CREDIT CARD FAQ's

FLIPKART SBI CREDIT CARD FAQ's

Q1. What is Flipkart SBI Credit Card?

Ans: Flipkart SBI Credit Card powered by VISA / Mastercard contactless technology is a fast and convenient way to pay for everyday purchases. It is a secure, contactless chip technology designed to help you spend less time at the cash register and give you the freedom to do the things that matter most to you.

Q2. How does the Flipkart SBI Credit Card work?

Ans: Step 1: Look for the VISA / Mastercard contactless technology mark and contactless logo at the point of sale.

Step 2: The cashier enters your purchase amount into the terminal. This amount will be displayed on the contactless reader.

Step 3: Hold your card over the reader at close range (less than 4 cm from where the contactless logo appears).

Step 4: - Four green indicator lights or a beep sound will indicate when the transaction is complete. A message will also be displayed on the screen indicating the transaction is complete. No PIN is required.

Please note that payment through contactless mode is allowed for a maximum of Rs. 5000 for a single transaction.

Q3. What are the benefits?

Ans: A3: Contactless payment functionality powered by VISA / Mastercard is specially designed for you for speed, convenience and security. During a contactless transaction, the card never leaves your hand. This greatly reduces the risk of card loss and fraud through counterfeit / skimming. A VISA / Mastercard contactless card has its own, unique, built-in, secret key, which is used to generate a unique code for every VISA / Mastercard contactless transaction, thus making it more secure.

There's no dipping, swiping or fumbling for cash. You're ready to go in just a few seconds.

Ideal for places like fast-food joints, petrol stations, movie theatre etc. You don't need to look for cash/coins for small ticket everyday purchases. It is also easier to keep track of these expenses.

Q4. Is there a limit for contactless transactions? Can I set my own limit?

Ans: Payment through the contactless mode is allowed for a maximum of Rs. 5000 for a single transaction. For a contactless transaction PIN is not required.

This limit is common for all customers and setting up of individual limit is not possible. Any transaction amount more than Rs. 5,000 has to be carried out through a contact transaction (dip or swipe) and by entering the PIN. You can also choose to do a contact transaction (dip or swipe) with PIN for transactions amount below Rs. 5000.

Q5. Where can I use my Flipkart SBI Credit Card?

Ans: Retail & Lifestyle:

At all VISA / Mastercard-enabled online and offline merchants for shopping, dining, travel, and utility payments.

Contactless Payments:

Look for the Universal Contactless symbol at Point-of-Sale (POS) terminals to tap and pay.

For more details, visit www.sbicard.com to view a list of contactless-enabled merchants.

Q6. Can I use my Flipkart SBI Credit Card at other merchants (not enabled or contactless payment acceptance) as well?

Ans: Yes, for the merchants not enabled for contactless payment, you can use this card for a normal dip or swipe transaction.

Q7. Could I be debited twice if I have more than one contactless card?

Ans: No, as contactless readers will only communicate with one card at a time. If the shop's reader finds more than one contactless card in your wallet or purse, you will be asked to select one card to pay.

Q8. Could I unknowingly have made a purchase if I walk past the reader?

Ans: No. Your card has to be waved within 4 cm of the card reader for more than half a second and the retailer must have first entered the amount for you to approve. Terminals can only process one payment transaction at a time, therefore reducing transaction errors.

Q9. Is there any difference in the process for ATM and internet transactions for Flipkart SBI Credit Card?

Ans: There is no difference in transaction process for ATM And internet transactions. For ATM transactions, you need to enter PIN and for internet transactions, you need to enter your 3D secure PIN or OTP.

Q10. What happens if my contactless card is stolen – can it be misused?

Ans: Immediately report the loss of your credit card to SBI Card to prevent any misuse. Please call our Helpline or visit SBI Card App / Website to block your credit card.

Safeguards are in place to mitigate misuse of a lost or stolen card by fraudsters. The limit for contactless card transaction without entering the PIN is Rs. 5,000, above which the transaction needs PIN for authorization. Please note that your maximum liability on any given date will be limited to available credit limit on your card.

USE CREDIT RESPONSIBLY

While you are empowered to use your credit card the way you wish to, it is best to use it responsibly.

WHAT IS CREDIT INFORMATION BUREAU INDIA LIMITED (CIBIL)?

While you are empowered to use your credit card the way you wish to, it is best to use it responsibly. As credit card mismanagement is on the rise, various financial institutions in the country have set up CIBIL, a body to monitor credit usage and safeguard the interests of member banks and financial institutions. Here is how an ideal credit cycle works:

WHAT IS A CREDIT INFORMATION REPORT?

A Credit Information Report (CIR) is a factual record of a borrower's credit payment history compiled from information received from different credit grantors. Its purpose is to help Banks and Financial Institutions make informed lending decisions - quickly and objectively.

HOW DOES THE CREDIT INFORMATION REPORT IMPACT ME?

When you approach Banks and Financial Institutions for credit, your application will be evaluated on the basis of your past payment history, existing credit lines and other factors such as income and security. A good past payment history may lead to credit being granted faster and on better terms.

On the other hand, a poor past payment record indicates past delinquency and can lead to denial of credit or extremely expensive credit.

Therefore, prudent credit management and financial discipline is a must to ensure a good credit history for enabling you for smooth and faster access to affordable credit in the future.

HOW DO I IMPROVE MY CREDIT RECORD?

- Pay at least the minimum amount due on time each month. On time payments will have the most positive significant impact on your credit record.
- Maintain affordable & reasonable levels of credit.
- Limit the number of credit cards that you hold. Maintaining a large number of cards can hurt your credit history.
- Do not use your credit card such that your outstanding is very close to your credit limit as this can adversely affect your credit rating.

HOW CAN YOU MAINTAIN GOOD CREDIT HISTORY?

There are a number of things you can do to build and maintain a good credit history. Here are some important do's and don'ts:

DO'S

- Make your credit card payments on time.
- Pay off your 'Minimum Amount Due' on your card every month.
- Contact your creditors if you are having trouble making payments.
- Make sure that your monthly account statement is correct.
- Read the statements and other material you receive from your credit card company carefully.
- Deal with companies you know and trust.
- Pay attention to late payments, calls or letters from credit agencies, and denied or revoked credit.

These are all signs that your credit history may be in jeopardy!

DON'TS

- Do not pay late.
- Do not sign a credit contract until you read and understand it.
- Do not spend over and above the credit limit on your credit card.
- Do not wait to report any unauthorized transactions on your account.
- Do not open new credit accounts for the purpose of debt consolidation without closing existing accounts.
- Do not miss reviewing your monthly statements.
- Do not close credit cards in an improper manner, it can hurt your credit score.

- Do not bend the card

The existence of a claim or dispute shall not relieve the Cardholder of his / her obligation to pay all Charges and the Cardholder agrees to pay promptly such Charges, notwithstanding any dispute or claim whatsoever. No claim by the Cardholder against a Merchant Establishment will be the subject of a set-off or counterclaim against SBICPSL.
- 3.14 SBICPSL may, at its sole discretion, permit from time to time, its Cardholder to transfer his / her Outstanding Balances ("Balance Transfer/s") on other credit cards and credit facilities availed by him / her from other companies and financial institutions. No cash refund will be given to the Cardholder. If a credit is not posted to the Card Account within a reasonable time, the Cardholder must notify SBICPSL within 30 (thirty) days of cancellation.
- 3.17 The onus of complying with the foreign exchange control / management regulations, baggage rules, EXIM Policy and other applicable laws, as amended from time to time, is solely of the Cardholder and the Cardholder shall indemnify and hold harmless SBICPSL from any

consequence, loss, damage, expense or any other financial charge that SBICPSL may incur and / or suffer on account of the Cardholder's contravention of any applicable law and regulation. 6.9 SMA & NPA

• **Special Mention Accounts ('SMA'):**

In furtherance to Regulatory requirements, SBI Card is required to identify incipient stress in the account by creating a sub-asset category viz. 'Special Mention Accounts ('SMA')' with the three sub-categories as given in the table below.

SMA Sub-categories	Basis for classification [Principal or interest payment or any other amount wholly or partly overdue]
SMA – 0	Upto 30 days from Payment Due Date ('PDD')
SMA – 1	More than 30 days & up to 60 days from PDD
SMA – 2	More than 60 days & up to 90 days from PDD

Example regarding classification of SMA:

If Payment Due Date ('PDD') of a Credit Card account is 31 March 2021, and 'Minimum Amount Due' ('MAD') is not received before this date then after the due date, the account will be mentioned as SMA – 0.

If the account continues to remain overdue beyond 30 days from PDD, i.e., beyond 30 April 2021 then this account shall get tagged as SMA-1.

Similarly, if the account continues to remain overdue, beyond 60 days from PDD, i.e., beyond 30 May 2021 then this account shall get tagged as SMA – 2.

- **Non-Performing Asset ('NPA'):**

A credit card account will be treated as non-performing asset ('NPA') if the Minimum Amount Due, as mentioned in the statement, is not paid fully within ninety (90) days from the PDD mentioned in the statement. Further, any account where a settlement or restructuring arrangement has been availed will be classified as NPA. An account continues to be classified as NPA till the entire arrears of interest and principal are paid. Settlement and restructured accounts do not qualify for an upgrade. Finally, if any customer has even one credit card with SBI Card tagged as NPA, all cards of the customer will be classified as NPA.

Example regarding classification of an account as NPA:

If Payment Due Date ('PDD') of a Credit Card account is 31 March 2021, and Minimum Amount Due as mentioned in the statement has not been fully paid by the customer within a period of 90 days from the PDD, i.e., till 29 June 2021, the lender shall consider the credit card account as NPA.

- 6.10 "Notwithstanding anything inconsistent contained in any other clause of the Cardholder Agreement/ Most Important Terms & Conditions ("MITC"), it is further stipulated that if the cardholder does not pay the minimum amount due for a period of 180 days, then the credit card services being provided by SBI Card under this Agreement shall stand terminated, however the Cardholder shall continue to be liable for any unpaid sum as on the 180th day plus any finance charges / delayed payment interest that SBI Card may, at its sole discretion and option and in accordance to its various internal policies and procedures, levy for the period post 180 days after the payment due date."

 - For instance, if the Cardholder spends 45,000 in a billing statement month with the following break up of spends.
 Spends on Flipkart: ₹35,000 | Other Spends: ₹10,000
 Of the said spends on Flipkart MID, ₹10,000 was an EMI purchase.
 Thus, the total spends eligible for cashback would only be ₹10,000 + ₹35,000 – ₹10,000 (EMI transaction) = ₹35,000. The cashback for the billing statement month in example would be calculated as follows:
 5% of ₹25,000 = ₹1,250 1% of ₹10,000 = ₹100
 Thus, the total cashback for the example would be ₹1250+100 = ₹1,350
